2	1	107900	Lifting column
3	1	108660	Power Box A

Assembly and use

After installation of the column, the electrical components can be connected. All wires have DC jacks and since using different types (size- male/female) only the correct connection will be possible to make.

Along with all products a "Direction for assembly and use" is delivered where all needed information's about the assembly will be accessible.

This operation unit has two rocker switches.

With rocker switch A and B it is possible to move the tabletop up and down and can be stopped at all levels. For safety reasons it is necessary to push both buttons at the same time for moving the table up and down.
